

## COMMUNITY HOMELESSNESS REPORT SUMMARY

Prince George  
2019-20 2020-21

### COORDINATED ACCESS AND HOMELESSNESS MANAGEMENT INFORMATION SYSTEM (HMIS) SELF-ASSESSMENT

#### SUMMARY

The table below provides a summary of the work the community has done so far to implement Reaching Home's minimum requirements for Coordinated Access and an HMIS.

How many of the Reaching Home minimum requirements has the community:

Met	Started	Not yet started
0	3	15

### SUMMARY COMMENT

Are there particular efforts and/or issues that you would like to highlight for this reporting period related to your community's work to achieve the Reaching Home minimum requirements? In particular, please describe your community's efforts to set-up or improve the Coordinated Access governance structure, including processes to ensure that policies and protocols, as approved by the governance group(s), are being implemented across the system as intended to achieve desired results.

While a governance structure has not yet been developed, the plan is to modify an existing table, the Homelessness Intervention Project (HIP) that the community has noted is the best starting point for CA.

HIP is structured with a Steering Committee to guide the overall policies and process and an Integrated Care Community Team that meets weekly.

The HIP project uses a team based approach to coordinate and integrate housing, health and social services. This is a cross-ministerial project (Social Development and Poverty Reduction, BC Housing, Health, Public Safety and Solicitor General, City of Prince George) and includes key community service agencies - Community Partners.

The HIP Integrated Community Team are the front line outreach workers that work to ensure the ministries and agencies provide priority access to support services.

BC Housing, also has a Coordinated Access and Assessment model that is used throughout BC to house homeless individuals. BC Housing is a key partner in the HIP project and locally discussions are taking place as to how to best serve the homeless individuals in Prince George.

The current thought of the RH CAB and CE is that the HIP program will be modified for RH CA.
